### SUMMARY

---

Web Developer | B.Tech IT Student (2nd Year) at Sri Sairam Institute of Technology

Passionate MERN stack developer with expertise in React, Node.js, JavaScript, MongoDB, and Linux systems. Currently expanding my skills in Flutter to specialize in mobile app development.

I have a strong interest in building responsive, user-centric web with hands-on experience in open-source contributions. My recent project, CodeXcolab, is a live collaboration platform for seamless Code sharing.

Dedicated to creating innovative and impactful tech solutions, I am eager to collaborate and contribute to dynamic development teams
